Re: Finance Docket No. 34075, Six County Association of Government - Construction and Operation Rail Line between Levan and Salina, Utah

Dear Mr. Black:

Recently, the Forest received a letter signed by Victoria Rutson informing us of a pending project as identified above and asking for our assistance, as well as input on the NEPA process.

The Uinta National Forest (NF) appreciates your interest and outreach to involve all those who may be interested in the proposed project. However we need to let you know that the National Forest east of Levan, the northern portion of your study area, is administered by the Manti-LaSal NF. Even though the forested area carries the name "Uinta National Forest," the Forest Supervisor located in Price, Utah is the responsible official for this area.

Your primary contact for the proposed project will be:

Aaron Howe, Branch Chief
Manti-LaSal National Forest
599 West Price Dr.
Price, UT 84501
(435) 636-3542

If you have questions or concerns regarding this letter please contact Kim Martin of my staff at (801) 342-5100.

Sincerely,

PETER W KARP
Forest Supervisor
